<sup>r</sup> Revised.

<sup>1/</sup> Tax-exempt securities comprise all securities the interest on which is wholly or partially exempt from the Federal income tax. The "Total amount outstanding" of tax-exempt securities of the several borrowers differs from the gross indebtedness of these borrowers in that the former excludes non-interest-bearing debt and taxable interest-bearing debt, both of which are included in the gross indebtedness of the borrowers. The "Total amount privately-held" differs from the net indebtedness of the borrowers in several additional respects. The former is derived by deducting from the total amount of tax-exempt securities outstanding, the amount of all tax-exempt securities held by governmental funds, etc. Net indebtedness, on the other hand, is derived by deducting from the gross indebtedness an amount equivalent to the total volume of sinking fund assets of the respective borrowers, but makes no allowance for any other public assets.

<sup>2/</sup> Because the figures in this table are rounded to hundreds of millions of dollars, they will not necessarily agree with other published figures on tax-exempt securities.

<sup>3/</sup> Comprises securities held by (1) U. S. Government, (2) Federal agencies and trust funds (including Exchange Stabilization Fund but excluding individual Indian trust funds), (3) Federal Reserve Banks, (4) Joint Stock land banks, and (5) sinking, trust, and investment funds of State and local governments and of territories and insular possessions.

r Revised.

1/ Estimates for the fiscal year 1941 have been revised to accord with figures appearing in the Budget which was submitted to Congress by the President on January 3, 1941.

2/ In the fiscal year 1941 amounts representing appropriations equal to collections of Social Security taxes under the Federal Insurance Contributions Act for old-age insurance (less reimbursements to the general fund for administrative expenses) are deducted from total budget receipts in the Daily Treasury Statement. These amounts are reflected under Trust Account receipts as net appropriations to the Federal Old-Age and Survivors Insurance Trust Fund. In the above statement, similar treatment has been accorded net transfers to the Federal Old-Age and Survivors Insurance Trust Fund (formerly Old-Age Reserve Account) made during the fiscal years 1936 to 1940, in order to facilitate comparison with the fiscal year 1941.

3/ Includes \$304 millions for civil activities in connection with national defense which are included with non-defense expenditures in the Daily Treasury Statement.

4/ Excludes subscriptions to capital stock of Federal Crop Insurance Corporation.

5/ Excludes loans shown under "Loans and stock subscriptions".

<sup>1/</sup> Comprise criminal cases of the Alcohol Tax Unit of the Bureau of Internal Revenue, the Bureau of Customs, the Bureau of Narcotics, the Secret Service Division, and the income tax and miscellaneous tax cases referred by the Penal Division of the Bureau of Internal Revenue to the Department of Justice with recommendation for criminal prosecution.

<sup>2/</sup> Comprise cases transferred to state, local, or other authorities for prosecution and cases closed because of duplicate prosecutions.

<sup>3/</sup> Cases "otherwise disposed of" consist of Customs and Narcotics cases in which no arrests were made and Secret Service cases which were disposed of by lunacy hearings.

<sup>4/</sup> Insufficient cases to warrant showing comparative percentages.

<sup>5/</sup> Percentages do not add to 100 because a single conviction may involve more than one type of sentence.

<sup>6/</sup> Alcohol Tax Unit figures are based on cases in which a suspended or probationary sentence only was imposed.
